50 Facts vs. Darwinism in the Textbooks-101 (DVD)

Miller, Russ. Eye-opening for anyone who has attended school in the USA since 1963 or who thinks Darwinism is true. Russ takes Darwinian teachings directly from high school and college textbooks. He exposes the misrepresentations and frauds that have undermined the faith of billions of people in Jesus Christ.

Alternative: Creations Competitive Edge (Carter) - DVD ***10th Grade and up***

Carter, Dr Rob. Do you want to reach your culture with the gospel? Then you'd better be prepared to give them an ALTERNATIVE! There are sound credible answers to evolution, the most common excuse used to reject the Bible today, but most people haven't heard them yet. The biblical worldview, including a 6-day creation event only 6,000 years ago, is a strong defendable scientific alternative! Get equipped and defend your faith against some of the most pressing excuses for rejecting Christianity in this informative, illustrated presentation. 47 min

Alternative Views of Creation (DVD)

Jackson, Dr. G.C. This DVD takes a critical look at several of the most popular honest errors of emphasis all the way through to the downright dishonest errors of blasphemy. You should be aware of these "oppositions of science falsely so called" which are being taught in many areas of the church today.

Can a Cool Christian Chill with Evolution? (DVD) ***Middle School Students***

Jackson, Dr. G.C. In this presentation to a middle school science class, Dr. Jackson asks some very important questions, "Can a cool Christian chill with evolution? Can a cool Christian believe in evolution? Did God use evolution to create the world and all of the living things in it?" Dr. Jackson answers these questions in a way that anyone can understand.

Complete Creation, The. Part 1 & 2 (DVD)

Juby, Ian. In Part 1, Ian gives an introduction to the creation/evolution debate, and shows why it matters. Part 2 expounds on Uniformity—the greatest weapon ever formed against the Bible. 2008.

Complete Creation, The. Part 3 & 4 (DVD)

Juby, Ian. In Part 3, Ian exposes Lyell's mistake by introducing some of the overwhelming evidence for the Global flood of Noah. Part 4 brings home the fatal problem to Lyell's mantra: "The present is the key to the past." 2008.

Complete Creation, The. Part 5 & 6 (DVD)

Juby, Ian. In Part 5, Ian continues to show examples from geology that show how radically things have changed over time. Part 6 then posits that the *Bible* is the key to the past. 2008.

Complete Creation, The. Part 7 & 8 (DVD)

Juby, Ian. Ian shows that Jesus and the Apostles were all young-earth creationists and shows that an old earth simply cannot be read into the Bible. He then ventures into the dating methods

which are supposed to prove an old earth. The geologic column collapses, along with the idea of an old earth. 2008.

Complete Creation, The. Part 9 & 10 (DVD)

Juby, Ian. Ian delves into the fascinating evidence that not only was man present with dinosaurs, it was incredibly intelligent man. Ian then takes a look at the fossil record and the profound implications it has for the Creation/Evolution debate. 2008.

Complete Creation, The. Part 11 & 12 (DVD)

Juby, Ian. Ian discusses some of the oddities of the fossil record, such as giant life forms. He also shows some important facts from life that one needs to know before attempting to interpret fossils. In the second half, Ian continues discussion on how time is not the “hero of the plot,” but actually the enemy of the plot! Biology is also an enemy of evolution, and the joined forces of biology and time deal a fatal blow to the theory of evolution. 2008.

Complete Creation, The. Part 13 & 14 (DVD)

Juby, Ian. In Part 13, Ian explains the premise of Dr. Carl Baugh’s “pre-flood” model, and the surprising implications it has. In Part 14, Ian introduces the hydroplate model of Dr. Walter T. Brown, which is an incredible theoretical model that explains many of earth’s dramatic and unusual features along with the global flood of Noah. It answers the questions “Where did the water come from, and where did it go?” 2008.

Complete Creation, The. Part 15 & 16 (DVD)

Juby, Ian. In Part 15 of this series, Ian delves into the hydroplate model, showing how it can explain so many features of the world around us. It also explains how a global flood could happen, where the water came from, and where it went. In Part 16, Ian ventures into the supposed evidence for evolution. Starting with the minor variations in Darwin’s finches, he then critically examines the more complex “intermediate” fossils of half-man/half-ape, half-whale creatures, etc. 2008.

Complete Creation, The. Part 17 & 18 (DVD)

Juby, Ian. In Part 17, Ian finishes the fascinating study of the ancient Chinese culture and its ties to the Biblical record. In Part 18, Ian finishes the live lecture series with “The First Cause”, Jesus Christ. 2008.

Complete Creation, The. Part 19 & 20 (DVD)

Juby, Ian. Part 19 corrects the mistakes made in the “Complete Creation” series. After setting straight some mistakes he made in the videos, Ian then answers the detractions posed by various skeptics on the internet and in person. 2008.

Darwin: the Voyage that Shook the World - DVD

10th Grade and up

In 1831 a young amateur scientist, Charles Darwin, boarded HMS Beagle on an epic five-year voyage of discovery. This documentary retraces Darwin’s journey, exploring the places and discoveries crucial to the formulation of his Theory of Evolution. Filmed in South America, UK, North America, Australia and Europe, The Voyage features dramatic period recreations and stunning nature cinematography interwoven with scholars sharing their perspectives on the man and the controversy. 59 min.

Dating Fossils and Rocks (DVD)

8th Grade-College

Riddle, Mike. Careful, easy-to-follow explanations of Carbon-14 and Potassium-Argon dating methods including: how they should work, underlying (false) assumptions of each method, and examples of when they have yielded very inaccurate results. 54 min. (2)

Death of Darwinism This Year/ The New Evolutionism (DVD)

Jackson, Dr. G.C. Most people get the impression that the case for Darwinism has never been stronger. The opposite is true. Not only is Darwin's theory today now all but demolished by the evidence against it, but the Darwin followers themselves have finally begun to see this as a fact. Far from ready to concede defeat, however, modern evolution-believers have recently begun to piece together a new version of the old Darwin theory. 2 hrs.

Expelled: No Intelligence Allowed (DVD)

9th Grade and up

Stein, Ben. Big science has expelled smart ideas from the classroom! Ben Stein travels the world and learns that educators and scientists are being ridiculed, denied tenure, and even fired—for merely believing that there might be evidence of “design” in nature. Perhaps life is not just the result of accidental, random chance. 2008. 95 min.

Fearfully and Wonderfully Made (Menton) - DVD

10th Grade and up

Dr. David Menton. At a time when the sanctity and dignity of human life are daily being challenged on the world stage, Dr Menton powerfully, yet sensitively and respectfully, offers answers in this stunning presentation. The video guides us through the intricate design of the womb, fertilization, embryonic development and the miracle of birth itself. 63 mins

From a Frog to a Prince (DVD)

9th Grade and up

Various scientists. “A kiss from a princess can't turn a frog into a prince, yet evolutionists claim that ancestral amphibians did change into people just by chance and natural selection. But such major biological change needs new information: where could it come from?” Brief interviews with a prominent evolutionist and four other scientists. 1998. 27 min.

God's Cosmic Handiwork (DVD)

11th Grade and up

Jackson, Dr. G.C. This lively audio-augmented power point lecture vividly brings home the point of Biblical authority and factuality. Be encouraged in both science and the faith, through this message. 67 min.

God's Little Creation: A Scientific Creation Presentation for Children (DVD)

Juby, Ian. Children learn about the dinosaurs, biology, fossils and the age of the earth in an easy-to-understand and fun way. Even children can grasp the scientific laws that refute evolution and point to the Creator. 2008.

Heaven & Earth. (DVD)

Ages 8 and up

Creation Museum collection. Explore what science and the Bible show us about the marvelous work of the Creator, as revealed in this fascinating collection of videos from the Creation Museum. 2007. 18 min.

High School Biology: What's Wrong with the Truth? (DVD)

Jackson, Dr. G.C. What if every example in your high school biology textbook given as “proof” of evolution was taken out? What would be left? Nothing. This presentation gives actual documentation that the evolution “proofs” in the books...are indeed lies.

How Textbooks Mislead (Batten) - DVD

9th Grade and up

Dr Don Batten. Do you know what your children learn in school? Dr Don Batten investigates the evolutionary teaching in a typical biology text used in senior high school. The textbook uses many deceitful, out-of-date and even fraudulent arguments to indoctrinate students in evolution (everything made itself without a Creator). Be prepared to equip our youth with answers! 50min.

Journeys to the Edge of Creation. (DVD)

Moody Publishers. The cosmos! A vast frontier of seemingly infinite wonder and size. Now you can see it unfold before your very eyes. Marvel at the magnificence. Thrill to the diversity as you soar effortlessly among the planets. Through blazing, brilliant galaxies. Join scientific experts in this timeless quest for discovery, enhanced by amazing tools of astronomy that draw the deepest regions of space into clearer focus than at any time in history. 1996. 40 min. per DVD. 2 DVDs.

Journey Toward Creation (DVD)

Ross, Dr. Hugh. Embark on an amazing journey, out in space and back in time to discover whether intelligent life can exist elsewhere. Explore the astronomical evidence from a universe that is meticulously fine-tuned for the benefit of human life. 100 min.

Life's Story (DVD)

Exploration Films.com. In a wildlife program unlike any other seen before, you will journey to discover the story of life itself. This program examines the long held beliefs that have been the foundation for natural selection for more than 150 years. Filmed and researched over a five year period in more than ten different countries, Life's Story explores issues of natural selection and more in one of the most visually stunning and informative wildlife productions available today. 55 min.

Mitochondrial EVE and the 3 daughters of Eve (Carter) - DVD ***11th Grade and up***

Carter, Dr Rob. The Bible records three historical biblical "main events" that would have left an indelible mark on our genetic makeup: Creation, the Flood, and the Tower of Babel. Exciting research in modern genetics actually confirms the reality of these events. 37min.

Mystery of the Declining Gene (DVD)

10th Grade and up

Sanford, Dr. John. Dr. Sanford, a former evolutionary professor, describes the issue of mutations and how the rate - mostly bad mutations - is actually much higher than previously thought. The implications for the theory of Origins and the Human Race are enormous. He also discusses the simulation of mutations rates under various assumptions. These results all indicate a match with the decline of the ages of the patriarchs described in Genesis after the Flood. This is powerful evidence for the Bible's timescale for human history. 49min.

Origin of Life, The. (DVD)

Adults and Teens

Riddle, Mike. A dynamic and easy-to-understand presentation about: Attempts to create life in a laboratory; The building blocks of life: an insurmountable problem for evolution; Probability and the origin of life; The 2nd Law of Thermodynamics; Information and complexity. 2004. 63 min.

Privileged Planet, The. (DVD)

Illustra Media. Through stunning computer animation, interviews with leading scientists, and spectacular images of Earth and the cosmos, *The Privileged Planet* explores a startling connection between our capacity to survive and our ability to observe and understand the universe. 60 min.

Radioisotopes & the Age of the Earth (DVD)

Adults and Teens

Austin, Dr. Steven. Radiometric dating is a favorite “evidence” that the earth is billions of years old. Dr. Steven Austin shows how the facts are more consistent with the Biblical model of a recent creation and worldwide Flood. 2004. 38 min.

Relevance of Genesis, The. (DVD)

Adults and Teens

Lisle, Dr. Jason. What do really believe, man’s opinion or God’s Word? In this powerful DVD, astrophysicist Dr. Jason Lisle illustrates how compromising the historical accounts of Creation and the Flood erodes the very foundations of Christian morality, and even the gospel. 2006. 45 min.

Six Days (DVD)

Ages 8 and up

Creation Museum Video. Listen as the words of Genesis are set to a sweeping musical score and envisioned on the wide screen of the Creation Museum’s Six Days Theater. Let this unique collection of short films inform, inspire, and remind you of God’s purpose for mankind. 2007. 27 min.

Starlight and a Young Earth (DVD)

11th Grade and up

Jackson, Dr. G.C. If earth is only 6,000 years old, then how can we see light from distant sources like the Andromeda Galaxy, which is 2 million light years away? Is PBS Nova correct? Has the Big Bang theory been proven long ago? Does the Bible really say anything about these issues? The answers are there. Learn about the most recent theories from evolutionist and creationists.

X-Nilo Show (DVD)

Ages 7-13

Answers in Genesis. Join Professor Kurt as he explores the answers to fascinating questions about dinosaurs. The X-Nilo Show is an exciting program for kids (ages 7-13), which promotes a Biblical worldview through examining various views of origins.

Book's

Tornado in a Junkyard - Book

9th Grade - adult

Perloff, James. Are you really the descendant of fish and apes? Examine the growing evidence that is shaking long-held beliefs. *Tornado in a Junkyard* is a unique presentation of the scientific case against Darwinism, informally written for laymen. If you are looking for a user-friendly explanation of the facts supporting creation, this book is for you. 1999. 321 p.

What is Creation Science? - Book

9th Grade - adult

Morris, Henry/Parker, Gary. Tackles the claim that “evolution is science and creation is religion,” with logic and scientific evidences. This is so clearly handled that the book makes a great gift to friends who are willing to investigate the claims of creation! 1987. 331 p.

Not By Chance! Shattering the Modern Theory of Evolution - Book

College+

Spetner, Dr. Lee. A most rational attack on evolution, with complex issues presented in a comprehensible manner. Written with utmost clarity, this book could serve as an ideal text through which one might acquaint oneself this one of the central issues of biology and the origin of life. 1997. 272 p.

In Six Days - Book

8th Grade - adult

Various scientists. In this book are the testimonies of fifty men and women holding doctorates in a wide range of scientific fields who have been convinced by the evidence to believe in a literal six-day creation. For example meet: the orthodontist who discovered that European museum fossils of ancient man have been tampered with; the geologist who studied under the late Stephen Jay Gould and literally cut the Bible to pieces before totally rejecting evolution. 2001. 384p.

Inherit the Wind: A Hollywood History of the Scopes Trial -booklet

7th Grade-College

Menton, David N. If you think you know what happened in the Scopes Trial, based on “Inherit the Wind,” read this! Compares in detail the historical records of the “Monkey Trial” versus events in the screenplay. i.e., John Scopes himself said he never taught biology—he substitute taught the biology class, and never discussed evolution. He was not jailed, etc. One lie after another is examined. 2006. 32 p.

Creation Facts of Life - Book

8th Grade - adult

Parker, Gary. Dr. Parker respectfully describes the evidences he once used to “preach” evolution—but then explains how the “rest of the evidence” points away from evolution and toward a perfect world created by God, ruined by man, restored to new life in Christ! In easy-to-follow conversational style, Dr. Parker discusses: DNA, Life before Birth, Mutations, Natural Selection, Fossils, the Geologic Column, and the Grand Canyon. 2007. 240 p.

Great Dinosaur Mystery, The. - Book

8th Grade-College

Ham, Ken. A dinosaur book like you’ve never seen before! Not only is the “dinosaur mystery” solved, but you’ll be taught the true history of the earth and its inhabitants! 1998. 189 p.
